**Emergency 24/7/365  
800-624-0543**

Cranemasters' innovative equipment and strategic systems operations reduce railroad and industrial siding losses safely and rapidly.

Those same efficiencies keep jobs like bridge span replacement, complex track installation and repair, load adjustment and transfer, and railcar and locomotive maintenance and repair under control, predictably reducing your total cost of ownership.

## Cranemasters Safety Firewall Program

We evaluate our safety performance by analyzing incident trends and implementing corrective actions.

**STOP TALK RESET**

Every employee receives safety training and the safety guide for their department. Managers sure that everyone knows they are empowered to **STOP • TALK • RESET** whenever they sense any unsafe situation.

We are in full compliance with FMCSA, OSHA, MSHA, FRA regulations, and Railroad Safety Certification requirements.
